EAST BERLIN

East Berlin—Christmas was celebrated on Thursday and Friday evenings of last week in both the Lutheran and Reformed churches. A cantata was a prominent feature at the churches. Exercises were also held in the Church of the Brethren on Sunday.

About a dozen girls and boys sang Christmas carols at early dawn, Christmas morning on the streets, which created much favorable comment.

G. F. Beckmyer held a special Christmas literary program on Thurs-

day and among those who took part were Misses Grogg and Busbey who sang a duet for the pleasure of the visitors, teachers and pupils. Maxton Darone played a violin solo. There was also a reading by the teacher, entitled, "The Other Wise Man."

The schools closed Thursday, and will re-open January 3d. Miss March, teacher of the secondary school gave a Christmas program on Thursday afternoon for her pupils.

G. F. Beckmyer is spending the Christmas vacation with his parents in York.

BUILD ADDITION TO COLLEGE LAB.

Decision of Board of Trustees. Wealthy Grain Merchant Becomes Member of the Body. New College Attorneys.

The board of trustees of Gettysburg College, at their annual mid-winter meeting in Harrisburg on Tuesday, decided to erect an addition to the Chemical Laboratory with a floor space of about 1500 square feet. The addition will be in the nature of a single story wing on the north side of the present structure and will be of the same type. It is proposed to have it ready for use at the opening of college next September.

The rapid and continued increase in enrollment made this action advisable as it is not possible to wait until the proposed new science hall can be erected to give the additional space needed for the students taking up chemistry.

Harvey C. Miller, of Philadelphia, was elected a member of the board of trustees. Mr. Miller is well known in Gettysburg as a highly successful grain dealer with elevators in Philadelphia, Buffalo, and several other cities. He is also concerned in several steamship lines along the Atlantic Coast. Mr. Miller is active in church matters and last year, with Mrs. Miller, presented to the Gettysburg Theological Seminary the fine reproduction in oil of "The Last Supper" which has since been placed in the Seminary Chapel.

The board of trustees lent its approval to the plan of the General Woman's League of the college to raise a fund for the erection of a \$30,000 Young Men's Christian Association building.

By reason of Donald P. McPherson Esq. becoming president judge of the Fifty First Judicial District on January first, his relation as college attorney ceases and the firm of Swope and Swope was appointed to succeed him. The following resolution was adopted:

"Resolved: that the board of trustees hereby extends to Judge McPherson its sincere thanks for the efficient and disinterested services he has rendered in the capacity of college attorney. The board also desires to congratulate Judge McPherson on the high judicial honor he has attained."

The following resolution also was adopted:

"Resolved that the board has heard with deep regret of the illness of Prof. Nixon, one of the most faithful and efficient members of our college faculty. It is the sincere wish and prayer of this board that Prof. Nixon may soon be restored to health and strength, so that he shall be able to perform his customary duties in the Alumni Professorship of Mathematics and Astronomy which he has long held and in which he has endeared himself to the hundreds of Gettysburg men who have been under his instruction."

FIRST GAME TO BE SENT HERE

Sportsmen will See Shipments of Animals and Birds for Placing in Nearby Woods and Mountains.

Quail, turkeys, rabbits, deer and elk will be turned loose in the game preserves and closed counties of Pennsylvania this winter, by the State Game Commission, under the recently approved game propagation plans, and the first of a big consignment of Mexican quail is expected this week. These will be distributed first in Adams and other southern tier counties after which they will be sent out generally.

The rabbits are from Tennessee and Kentucky and are relatives of those liberated in Allegheny and other counties where "cottontails" have been a rarity for years. A number of Virginia bronze wild turkey gobblers now are at large in the woods having been liberated this year, and shipments of Virginia wild turkey hens are expected after the first of the year.

Plans have been made to get seventy five additional elk from the Yellowstone region during the winter. The State lost fourteen of the last lot shipped because of the change in climate, but the others weathered the winter well and have begun to increase.

Reports received by Dr. Joseph Kallfus, secretary of the State Game Commission, from wardens, show that during the recent hunting season twenty seven persons were killed and 109 injured in Pennsylvania. These numbers may be increased slightly by later reports.

Last year thirty one persons were killed and 999 injured during the hunting season.

WOULD SEND NO MORE TO JAILS

Prisoners should Go to Concentration Farms, they Think, and this County will be Concerned in Measure.

If the recommendation of the Bar Association committee on revision and amendment of the penal laws of the state is passed by the legislature as a bill, Adams County will cease to have a jail to which prisoners may be sentenced.

Abolition of county jails except as places of detention and the establishment of six sectional farms in different parts of the state were recommended in the report which was adopted at a meeting of the executive committee of that organization on Tuesday.

Members of the committee claim that by abolishing county jails and establishing sectional farms, the cost of operating the legal machinery in the sixty seven counties of the state would be reduced, while work would be provided for inmates now idle which would procure incomes to assist in defraying the expenses of dependants of county prisoners.

Bills in which will be incorporated changes recommended by the committee will be introduced at the next session of the state legislature.

INDICT EIGHT MEN FOR GERMAN PLOT

Congressman and ex-Congressman Among Defendants.

CONSPIRACY IS THE CHARGE

Held With Personal Friend of Kaiser for Fomenting Trouble in Munition Plants.

New York, Dec. 29.—Eight men, one of them a member, and another a former member, of congress, were indicted by a federal grand jury for pro-German activities in this country.

Six of the men were members of Labor's National Peace Council, an organization formed, it is alleged, to foment labor trouble in plants turning out supplies for the allies. The men were:

David Lamar, New York, known as "The Wolf of Wall Street."
Congressman Frank Buchanan, of Illinois.

Jacob Taylor, East Orange, N. J.
H. Robert Fowler, former member of congress from Illinois.

Frank S. Monnett, former attorney general of Ohio.

Herman Schulteis.

Henry B. Martin.

Franz von Rintelen, now detained in England.

Von Rintelen, a personal friend of Emperor William, is alleged to have founded the council, acting through Lamar.

Congressman Buchanan asked for the impeachment of United States Attorney H. Snowden Marshall, the conductor of the prosecution, on the floor of the house recently.

The indictments, which were returned to Judge Hand, were made under the Sherman anti-trust law. The specific charge against the men is conspiracy to restrain trade by bribing labor leaders and creating strikes. The penalty is a year in prison, or a fine of \$10,000, or both.

Labor's National Peace Council was organized in May of this year, after the arrival in this country on April 3 of Franz von Rintelen, who is reputed to be high in the councils of the German government. He apparently commanded unlimited funds, having \$500,000 to his credit in one New York bank. According to federal officials, his mission was not merely to start propaganda against the exportation of munitions to the allies, but also to stir up trouble between this country and Mexico. In the latter respect, it is said, his efforts were a failure from the start.

The first important meeting of the peace council, ostensibly organized to promote the cause of international peace, was held in Washington in June. Congressman Buchanan was elected president; Fowler, general counsel, and Monnett was named as member of the committee on resolutions. Buchanan resigned July 31 and was succeeded by Taylor, who is a leading labor union official of New Jersey. Von Rintelen, according to United States secret service agents, finally discovered he was pouring out his money without result except to enrich the men he employed as his agents.

Some strikes were called, but they failed to have any important effect on exportation of munitions. The German agent decided to leave the country. He first endeavored, by the aid of Andrew D. Meloy, an American mining promoter, to obtain an American passport. Failing, he sailed under a Swiss passport using the name of Edward V. Gasche. Meloy was subsequently arrested and turned state's evidence.

When von Rintelen was taken prisoner by the British a mass of documents were also seized and turned over to the American authorities. Acting on information obtained from these papers an investigation was started into the activities of the peace council.

BRITISH TAKE U. S. MAIL FROM SHIPS

Berlin Reports Seizures From Neutral Vessels.

Berlin, Dec. 29.—Seizure by the British government of American mail from two steamships on their way to Holland is reported in a Rotterdam despatch given out by the Overseas News agency.

According to the news agency's despatch the vessels from which mail was taken are the Dutch steamship Nieuw Amsterdam, from New York December 19 to Rotterdam, and the Norwegian steamship Christian Michelsen, from New York December 3 for Rotterdam.

Six hundred sacks were seized on the Nieuw Amsterdam. Forty sacks were taken from the Michelsen, it is stated.

Advices from Amsterdam, the news agency also states, are that British authorities took from the steamship Turbantia, a Dutch vessel plying between Amsterdam and South America ports all the South American mail for Holland she had on board.

Allies Will Examine All U. S. Mail.

Washington, Dec. 29.—The allies, it is explained, intend to seize and examine all mail passing between the United States and European neutrals which there is reason to believe is intended for Germany.

Hitherto the seizures of that sort have been confined to parcel post, but now it is said the allies are going to extend the search to first-class matter.

In justification, it is said, the allies will first plead military necessity, and second, that there is no inviolability of mail to the Teutonic powers because Turkey did not subscribe to The Hague convention which covers it. For that reason, it is contended, the other belligerents are excused from respecting it.

ARCHDUKE'S PALACE MOBBED

Christmas Night Riot in Vienna is Reported.

London, Dec. 29.—An Amsterdam despatch to the Exchange Telegraph company says that, according to reports in Vienna, the palace of Archduke Stephen of Austria was attacked Christmas night by a mob armed with pitchforks and axes as a protest against the squandering of food on an elaborate entertainment.

The police dispersed the rioters, but several stones crashed through the windows, damaging several pictures.

Dresden reports say that food riots occurred at Chemnitz on Christmas day. Women marched in procession to the town hall, clamoring for food at reasonable prices and smashing windows. The police forced the women to retire, eleven of them being severely injured. The Chemnitz Socialist organ, adds the despatch, was suppressed for mentioning the affair.

9 U-Boats Lost in Mediterranean.

Paris, Dec. 29.—Nine German and Austrian submarines have been sunk or captured in the Mediterranean sea, says the Figaro. "When official reports are compiled it is believed these figures will be exceeded," the paper says.

TEUTONS READY TO TALK PEACE

German Chancellor to Confer With Austria on Terms.

WILL MEET BARON BURIAN

Germany Suggests That the First Conference be Held at The Hague.

Geneva, Switzerland, via Paris, Dec. 29.—A despatch to the Tribune from Vienna says:

"Chancellor von Bethmann-Hollweg is expected in Vienna shortly with the full conditions under which the central powers will accept peace. After discussing the terms with Baron von Burian, the Austro-Hungarian foreign minister, the conditions will be communicated officially to the allies, Germany suggesting that the first conference be held at The Hague."

No Peace Without Victory for France.

Paris, Dec. 29.—"Eighteen months ago France wanted peace. Today she wants war most energetically, and to that end will use all her resources," said General Gallieni, the minister of war, in asking the senate to approve the action of the chamber of deputies in giving him the 1917 class of recruits for January 5. General Gallieni's remarks were greeted with prolonged applause.

"Whoever says a word of peace in the streets is considered a bad citizen," continued the minister of war. "Mothers are not mourning for lost sons; they want them to be avenged. The 1917 class will leave with the assent of the nation. It demands that those charged with the duty receive and instruct these young men and prepare them for the great contest, which will not end before France, in accord with her allies, says: 'I stop! I have obtained what I wanted; I resume my work of peace!'"

Redoubled applause, interspersed with shouts of "Excellent!" came from the entire senate, which arose as a mark of honor. Returning to the ministerial seat, General Gallieni received the congratulations of his colleagues.

The upper house immediately passed the bill and authorized the public posting of the minister's address.

VILLA A FUGITIVE

Kills Two of Four Assassins Who Attempted to Slay Him.

El Paso, Tex., Dec. 29.—General Francisco Villa is a fugitive in the Guerrero district, just north of Madera, in western Chihuahua, according to the advices received by General Obregon.

The Guerrero district runs close to the Sierra Madre mountains. Its southern line is at Minaca and its northern boundary is just north of Madera. Villa is believed to be in the northern end of the district.

Four of Villa's followers tried to shoot him, but missed. Villa thereupon drew his pistol and killed two of the would-be assassins.

News of the attempt on Villa's life was telegraphed from Chihuahua City by General Jacinto Trevino, commander of the Carranza garrison.

Villa has announced his intention of remaining in Mexico and starting a new revolution.

Eight Rescued at Fire.

Scranton, Dec. 29.—Four children and four grown persons were rescued from a fire that destroyed the residence of Mrs. Mary McAndrews, in South Scranton. James Boyle and James Manley, neighbors, broke down the door, and, making their way to the sleeping rooms, dropped Mr. and Mrs. William Gilroy, their four children and Alice LaFelle out of a second-story window and then carried Mrs. McAndrews unconscious from a room on the first floor.

WOMAN DROWNS TWO SONS

Throws Them Into Reservoir, Jumps in Herself, But is Rescued.

Milford, Conn., Dec. 29.—Mrs. Edward Krause threw her two small sons into the Milford reservoir, and then jumped in after them.

The woman was rescued, but the boys were drowned. Mrs. Krause will be examined as to her mental condition.

The boys were Sidney, six, and Edward, five. According to Mr. Krause, his wife had acted peculiarly on several occasions, and when she said she was going to do away with herself he did not pay much attention to her.

Mrs. Krause was seen leading the boys toward the reservoir. On arriving there she removed their coats and hats and threw them into the water, then jumped in herself. Two men tried to reach all three, but could only save Mrs. Krause.

At the hospital where she was taken the woman said her act was caused by the belief that her husband had been killed in an automobile accident. Mr. and Mrs. Krause formerly lived in Philadelphia, coming here a little over a year ago.

INDICTMENTS AGAINST SING SING HEAD

Grand Jury Accuses Osborne in Seven Counts.

White Plains, N. Y., Dec. 29.—Thomas Mott Osborne, warden of Sing Sing prison, was indicted on six counts by the Westchester county grand jury which has been investigating conditions at the prison.

One bill charges that the warden was guilty of perjury when testifying at the inquiry recently concluded by Dr. Rudolph Diedling, of the state prison commission.

The second indictment contains six counts. The first count charges the warden with absconding himself from his office. The second embraces allegations that he failed to perform duties imposed on him; that he permitted fights in the prison; that he failed to prevent felonies in the prison; that he failed to report immorality among the prisoners.

The third count charges that he permitted prisoners to go into the death house to see Charles Becker, the former police lieutenant, who was electrocuted last July.

The fourth count charges that he permitted prisoners to indulge in immorality, which was due to lack of sufficient discipline. The fifth count charges that he permitted one prisoner to assault another, and count six contains allegations against the moral character of the warden in his relation with prisoners.

John B. Riley, superintendent of prisons, said that Mr. Osborne would be removed from office as soon as a successor could be named formally under the law.

Mr. Osborne was appointed warden of Sing Sing in the latter part of November, 1914, near the close of Governor Glynn's administration.

A short time previously he gained considerable publicity by spending a week at Auburn prison, where as a part of his study of penology, he lived the life of a convict and was known as "Tom Brown."

New Year Philosophy.

We never complain about misfortune, but we'd like to see the chap that stole our shoes when we got so happy we danced 'em off our feet.

Notin' at all ag'in the old year. When we get into a corner with our conscience the verdict is that he done the best he could with the material he had to work on.

If we meet the devil in the road this New Year we'll change our plan entirely. Instead of fightin' him with fire we'll turn the hose on the warm old sinner.

On the last day of the year we moved ten miles from Tribulation Town and pitched our tents so close to Hallelujah hill that we're keepin' the angels busy hiding their crowns and harp strings—Atlanta Constitution.

Papal Bull Against New Year's Day.

A papal edict against the celebration of New Year's day is said to have been issued by an ancient pope in the following words: "If any one should be so audacious as to celebrate the kalends of January after the manner of the pagans or to do anything strange on account of the New Year, or to lay out in their houses tables with lights, or to have banquets, or to go singing about the streets and squares, or to join in dancing parties, then all such persons should stand excommunicated and cursed." Probably, however, this strong denunciation was issued more directly against the Italians, who furnished the fashions of the ancient Romans by introducing dancing, singing, sports and comedies, etc. into the holiday festivities.

18 POUNDS OF BLOOD

is the average quantity in a healthy adult, but it is the quality of the blood that determines our strength to resist sickness. With weak blood we find cold hands and chilly feet; in children an aversion to study, and in adults rheumatic tendencies.

In changing seasons get abundant fresh air and take a spoonful of Scott's Emulsion after meals, because Scott's Emulsion is a rich blood-food that will increase both quantity and quality of the blood while it warms the body and helps carry off the impurities.

When multitudes of people are today taking Scott's Emulsion to avert winter sickness, and are giving it to their children, it is careless to neglect its benefits. Look out for substitutes.

SAGE AND SULPHUR
DARKENS GRAY HAIR
It's Grandmother's Recipe to Restore Color, Gloss and Thickness.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

ARE READY FOR RUPTURE

Washington is Unwilling to Arbitrate
Controversy and Severing of Diplo-
matic Relations is Imminent.

Washington, Dec. 22.—Austria, according to unofficial information received in authoritative quarters, will not meet the demands of the United States in her forthcoming reply to the Ancona note, and Teutonic diplomatic circles are represented as being prepared for a severance of diplomatic relations.

Although the state department so far has received from Ambassador Penfield at Vienna no forecast of the reply, it was understood that unless some excellent reason for continuing diplomatic correspondence on the subject was presented, no course seems to remain but to break off relations.

State department officials are expecting information about the reply which might have been obtained by Ambassador Penfield during informal conferences with Baron von Burian, the Austro-Hungarian minister of foreign affairs.

Advices received recently through Baron Erich von Zwiaden, the Austrian charge, were that Austria would be "guided by concern" for the good relations existing between the two countries. Analysis of this phase has led officials to believe the Vienna government will attempt to argue the contentions of the United States and possibly suggest arbitration.

The position of the state department is that there can be no discussion over the official admissions of the Austrian admiralty which formed the basis of the correspondence, unless Austria denies the accuracy of that statement. That is regarded as being extremely unlikely, as the admiralty statement was forwarded by the foreign office to the United States for its information.

Paris Expects Rupture.
Paris, Dec. 22.—Unconfirmed advices from Vienna as published by the Petit Journal say the impression prevails in Austro-Hungarian governmental circles that the forthcoming reply to the second American note regarding the Ancona incident will bring a diplomatic rupture between the two nations. The Petit Journal's despatch forwarded from Geneva, says:

"According to advices from Vienna the Austro-Hungarian answer to the American note was the subject of a long discussion Sunday night between Premier Tisza, of Hungary, and the Austro-Hungarian foreign minister, Baron von Burian. The foreign minister also conferred with Dr. C. T. Dumba, former Austro-Hungarian ambassador at Washington.

"Although no definite decision has been reached the impression in governmental circles is that the answer will bring about a diplomatic rupture."

GIVE DEAD WOMAN COINS

Atlantic City Pedestrians Believed She Was Blind.

Atlantic City, Dec. 22.—Charitably inclined persons passing by the door of 1812 Arctic avenue, dropped coins in the lap of an aged woman, who sat on the sill, apparently seeking assistance from passersby.

Patrolman Rich noticed the woman still sitting there at three o'clock in the morning. He believed she had fallen asleep, but when he investigated found her cold in death.

Examination showed that she had died of heart failure, but pedestrians noticing her closed eyes, believed she was blind and dropped the coins as they walked past.

BOY-ED RAPS CRITICS AS HE STARTS HOME

Predicts U. S. Will Have to
Muzzle Press.

New York, Dec. 22.—Captain Karl Boy-Ed, the recalled German naval attaché, Colonel Edward M. House, President Wilson's special emissary, and Brand Whitlock, American minister at Brussels, sailed for Europe on the steamship Rotterdam.

Colonel House and Mr. Whitlock were uncommunicative, but Captain Boy-Ed gave out a written statement in which he denounced what he characterized as the "reckless utterances of an irresponsible press," and predicted that the American government, "in self-defence," some day would find it necessary to curb such utterances.

Colonel House said he would visit the American embassies at London, Paris and Berlin and possibly Vienna. He declined to add to his previous statement, in which he declared that his trip would in no way be a peace mission, but that he was going at the request of President Wilson and Secretary of State Lansing, fully to inform American diplomats as to the precise attitude of the government.

Colonel House was accompanied by his wife.

When Mr. Whitlock and his wife reached the pier the crowd that surrounded them was so demonstrative that it was necessary for a policeman to escort them down the pier to the gangplank.

ITALY'S KING WOUNDED

Berlin Wireless Gives Currency to Report Described as "Sensational."

Berlin, Dec. 22.—A report that King Victor Emmanuel of Italy had been wounded by an Austrian grenade and is in a hospital, was given out by the Overseas News agency which describes the report as "a sensational rumor." The News agency adds:

"Travelers returning from northern Italy say that in consequence of the terroristic methods of the police all the people of Italy are panic stricken. There is a general dislike of the war, and it is said that if only the right man were at the head of the government Italy would make peace in spite of the London agreement.

"Another sensational rumor which is generally believed is that a general who is an intimate of the king, has been shot for maintaining relations with the enemy."

\$1442 COSTS AWARDED T. R.

Court Signs Barnes Suit Order, and
Formal Denial of New Trial.

Syracuse, N. Y., Dec. 22.—Former President Theodore Roosevelt was allowed \$1442.50 against William Barnes, Republican leader, as costs and d's bursements in the recent trial in this city when the jury dismissed the \$50,000 libel suit brought by Barnes.

It was agreed by attorneys that Mr. Roosevelt could have exacted \$2000 more because of the extraordinary length of the trial, but he asked only the actual costs incurred.

Justice Andrews also signed a new order denying a new trial.

Aged Woman Burns to Death.

Columbia, Pa., Dec. 22.—Miss Cassidy, seventy-three years old, was burned to death by her clothing taking fire from an exploding lamp. Miss Cassidy rose at 5:30 o'clock and descended to the kitchen with a lighted tallow dip to prepare breakfast. When she attempted to light the lamp it exploded.

OLD AND NEW WAY
TO TREAT CATARRH

Breathing a Germ Killing Air Endors-
ed by Actual Results.

The discovery of Hyomei has wrought a wonderful change in the treatment of catarrh. Prior to three years ago, the medicines ordinarily employed in the cure of this disease were drugs, sprays, lozenges, etc. In some instances they benefited, but the improvement was not lasting.

With Hyomei you take into the air passages of your throat and head a balsamic air that goes into the minutest cells, and should effectually kill all germs and microbes of catarrh. Its purpose is to enter the blood with the oxygen, killing the germs in the blood, and restore health to the whole system. Many astonishing testimonials have been received from those who have been helped by Hyomei.

A complete outfit is inexpensive and includes an inhaler, dropper and sufficient Hyomei for several weeks' treatment.

Perhaps the strongest evidence that can be given to doubters, is the fact that The People's Drug Store have so much faith in Hyomei that they sell every package under a positive guarantee to refund the money if it does not relieve.
